Tutorial 3 – Applied Digital Control

First Task – learn how to use Simulink

https://www.youtube.com/watch?v=ThA7zhLX98A

Second Task – Understand the behavior of digital PID control in practice

https://www.youtube.com/watch?v=fusr9eTceEo

Third Learning Task – Integrator anti-windup

https://www.youtube.com/watch?v=H4YlL3rZaNw

If you have time – some interesting PID application examples

https://www.youtube.com/watch?v=4UHLRmYNDMQ
